Dear Parents:

It is that time of year when we start getting ready for the next academic year. Attached below is the re-enrollment form for your child for 2020-2021. If you are definitely planning on sending your child back to KCA next year, we would appreciate it if you would return the form to the Academy office as soon as possible. Your quick response not only allows you to receive a discount on the enrollment fee, but also helps us to get a head start on classroom set-ups and some of our supplies ordered.

If you should have any questions, please call the school office.
