

Lunch Account

- ❖ Each Preschool/Academy family may open a lunch account.
- ❖ Parents may deposit money in their child(ren)'s account for them to use at school. A minimum of \$10.00 is suggested.
- ❖ Lunch accounts are not limited to the lunch room. They may withdraw from their lunch account to pay for field trips, etc., providing there is money in their account to do so.
- ❖ **NO CHARGING** will be permitted for the students unless a child has forgotten their lunch. Then they may charge a sandwich, chips and drink only.
- ❖ Each morning, the teacher will record the child's expenses and then turn them in to the Academy Office. They will be deducted from the accounts weekly.
- ❖ A statement will be sent to each family on a regular basis to keep them apprised as to how much remains in their child(ren)'s lunch account.
- ❖ Teens expenses will be recorded at lunch time and posted weekly to their account.
- ❖ Hot lunches may also be processed through the lunch accounts if money is not sent in with the order slip. Parents should mark the hot lunch slip stating that is how they wish to pay for the hot lunch.
- ❖ Money for meals while traveling with the sports teams *will not* be taken from this account. Students must travel with cash for those sporting events.
