REMEMBER

Recently, I read an article that listed some things churches must be aware of. Not all of them apply to us, but think through them as we seek to reach and disciple others.

- We must cease seeing the church as a place of comfort and stability amid rapid change.** Certainly, God’s truth is unchanging. So, we do find comfort and stability in that reality. But don’t look to your church *not* to change methods, approaches, and human-made traditions. In deed, we must learn to be uncomfortable in the world if we are to make a difference. “We’ve never done it that way before,” is a death declaration.
